When will I be charged?

Account Subscription · https://www.meolea.com/help/account-subscription/when-will-i-be-charged/

The timing of your charge depends on whether you are:

- Starting a free trial
- Beginning a paid subscription
- Renewing an existing subscription

You can always view your billing information and next charge date in your account settings.

If you are on a free trial

If you started with a free trial:

- You will not be charged immediately
- Billing begins automatically when the trial period ends
- The exact end date of your trial is displayed in your account

If you cancel before the trial ends, you will not be charged.

See: *How does the free trial work?*

If you start a paid subscription without a trial

If your subscription does not include a trial period:

- You are charged at the time you confirm your subscription
- The next charge will occur at the beginning of the next billing cycle

Your billing cycle (monthly or yearly) depends on the plan you selected.

Subscription renewals

Subscriptions renew automatically at the end of each billing cycle.

You will be charged:

- On the renewal date shown in your account
- Using your saved payment method

You can cancel at any time before the renewal date to prevent the next charge.

See: *How do I cancel my subscription?*

Where can I see my next billing date?

To check your next billing date:

1. Log in to your account
2. Go to **Account**
3. Select **Subscription & Billing**

There you will find:

- Your current plan
- The renewal date
- Your billing history

What if my payment fails?

If a payment attempt fails:

- We may retry the payment automatically
- You will be notified
- You can update your payment method in your account settings

See: *How do I update my payment method?*

Will I receive a receipt?

Yes.

After each successful payment, you will receive a confirmation email with the billing details.
